Meet the Modern Meeting

Citrix GoToMeeting is the easiest and fastest solution for holding online meetings with up to 100 attendees. Its flat-fee subscription model enables individuals and businesses to use online meetings more often, resulting in increased productivity and a quicker ROI. With GoToMeeting, it's easy to meet naturally online with integrated audio, HD video conferencing and screen sharing.

Key benefits

- Significantly reduce travel and operation costs.
- Boost sales by enhancing interactions with customers and prospects.
- Expand your access to partners and subject matter experts.
- Receive a faster and greater return on investment.
- Build relationships with HD group video conferencing.

Meet, sell and collaborate more effectively.

GoToMeeting enables you to show your desktop screen and share your webcam in real time. Setup takes seconds, and no training or maintenance is required, resulting in the simplest online meeting solution available.

- **Sales demos:** Have face-to-face interactions with remote customers and prospects while you conduct live online demos.
- **Follow-up meetings:** Answer questions, tie up loose ends and close deals without having to make an extra trip.
- **Collaboration:** Stay connected with remote team members by including video conferencing in daily project meetings.

Make secure online connections.

Industry-standard SSL and U.S. government-standard 128-bit AES encryption ensure that your login information and meeting sessions are always secure. An optional password for meeting entry further enhances meeting security. You can rest assured that sensitive information will not be viewable to anyone except meeting participants.

Features

- **Intuitive user interface:** Easy-to-use, customizable controls enable you to start and join meetings in seconds without training.
