GoToMeeting App for Android Devices

Increase your mobility by launching and attending GoToMeeting sessions on your Android device. GoToMeeting is the easiest and most convenient way to attend online meetings — and now you can take it to go! Download the free app from Google Play and join meetings in seconds.

The GoToMeeting app makes online meetings more accessible than ever. Anywhere you take your Android device, you can now start and attend GoToMeeting sessions — at a café, in a hotel or wherever you happen to be.

With a free GoToMeeting app, you can:

- Host an ad-hoc or pre-scheduled meeting and invite people on the fly by email. (Must have a GoToMeeting account.)
- Attend online meetings wherever you are — at no charge.
- Join meetings in seconds by tapping a link in an email.
- View presentations, mockups and reports — whatever the presenter shares on-screen.
- Connect to audio through your device's built-in mic & speakers.

Key benefits

- Increases mobility and convenience
- Easy-to-use, intuitive features
- Works on your preferred device
- Free for meeting attendees

- Pinch to zoom meeting content.
- Switch between portrait and landscape.
- See a list of who's attending.
- Increase the viewer size with a double tap.

Say hello to mobile collaboration

Your Android device is the perfect venue for hosting and attending GoToMeeting sessions when you're away from your desktop. Its lightweight, user-friendly design makes it extremely portable and comfortable to use, so you can easily collaborate on the go. View and discuss slide presentations, project designs and important documents from the convenience of your mobile device.

Visit Google Play to download the free GoToMeeting app.

FAQs

1. **How much does the app cost?**
   Nothing. The GoToMeeting app is offered free of charge.
2. **Can I host a meeting on my Android device?**
   Yes. You can start a scheduled meeting or launch an ad-hoc meeting and invite guests. Once the meeting has started, you can change presenters so that others can show their screen.
3. **How do I get meeting audio on my Android device?**
   Voice over Internet Protocol (VoIP) lets you join the call through your device's mic and speakers or by plugging in a headset. For best audio quality, use a WiFi connection.
4. **Can I chat, draw, present and share keyboard and mouse control?**
   Currently, GoToMeeting attendees on Android devices can only view meeting content and interact on the audio line.
5. **How do I set up my own meetings with GoToMeeting?**
   Sign up at www.gotomeeting.com to try it free for 30 days on your Mac or PC.
